92nd Avenue Lid Maintenance

As many of you have probably noticed, the 92nd Ave lid's vegetation has not been maintained over the past month. This property is owned by the State (WSDOT). The City believes that as the owner, the State is responsible for their own maintenance. The State would like the Points Communities to be responsible for not only maintaining the landscaping but also maintaining many other more costly capital items that, together, would be very expensive for a small city. The Cities of Medina, Hunts Point, Yarrow Point and Clyde Hill are talking with the State to get this resolved.

The Cities are willing to coordinate maintaining the landscaping and some capital items but expect to be reimbursed for this effort. There are continuing discussions going on right now to reach consensus, but no conclusion has been reached just yet. All parties know what the area looks like and will continue to seek an understanding as soon as possible. This is potentially a very expensive and important long-term matter to the Points Communities, so careful discussions will need to continue until we have a meeting of the minds.

Neighborhood Beauty

As you all know, Clyde Hill is a beautiful and desirable neighborhood to live in. Please help keep it that way by knowing and following the rules.

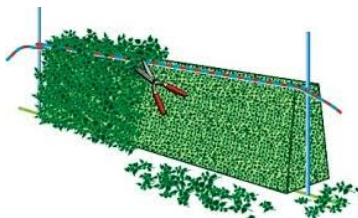

Boats, RVs, Trailers: The City law allows these types of vehicles to be parked for a maximum of 48 hours on private property. They may not be stored on private property beyond 48 hours unless properly screened.

Storage Pods: Permits are required to locate a storage pod on private property. Limitations apply.

Dog Doo: Please clean up after your dog.

Landscapes: Please! Respect the beauty of this amazing neighborhood *and* your neighbors by maintaining your landscapes.

Clyde Hill Celebration

Friday, August 18th at dusk
Saturday, August 19th, 11am-3pm

Please join us on August 18th and 19th for the annual Clyde Hill Summer Celebration!

While there, you can meet and chat with the Mayor, City Council Members, City Staff, Police Officers, members of the City's Boards and Commissions, and many of your neighbors.

On Friday night, the City welcomes you to participate in the outdoor viewing of a family-friendly movie on the Clyde Hill Elementary baseball field. Free popcorn and water is provided for all! Bring your low chairs and blankets around dusk.

On Saturday at the Celebration, there will be something for everyone: giant bouncy toys and rides, a zip-line, a clown, a face painter, and a DJ with upbeat music. For lunch we'll serve grilled hotdogs, chips, pop, and ice cream, all for \$.50 each.

Shredding Event: 9am-noon

On the day of the Celebration, the Clyde Hill Police Department is sponsoring a shredding event.

The shredding truck will be located in the Clyde Hill Elementary School parking lot from 9am—noon.

The Police Department encourages you to shred all unneeded documents with personal information on them to help stay safe from identity theft.

Informal Coffee Talk at Tully's
Ask Questions of City Staff

Starting in September, the City will be starting a pilot project to help increase communication with the residents of Clyde Hill. On the first and third Tuesday in September, between 8:30am and 10:00am, the Assistant City Administrator, John Greenwood, will be at the Tully's coffee shop on Points Drive.

The purpose of this outreach is to allow residents to more casually discuss City-related matters with City staff and to increase accessibility to City staff. You can recognize John by looking for someone with a small stack of business cards, a Microsoft Surface laptop and a canvas bag that says "City of Clyde Hill." If it appears that he is working, please feel free to interrupt and engage him – that's what he's there for!

Prescription Disposal Box

Reminder: the Police Department lobby now has a prescription medicine disposal drop box for surplus or expired medication.

The box can be accessed Monday through Friday during normal business hours. Citizens can drop medication directly in this box with no questions asked.

There are some limitations; cosmetics, aerosols, and non-medical bulk items should not be deposited here. In addition, sharps such as hypodermic needles commonly used for diabetic care, are not collected or deposited at this site.

King County Solid Waste can provide guidelines for the proper disposal of other kinds of items:
